NEWS RELEASE

Expander Energy Appoints Steve Kresnyak to Board of Directors.

Calgary, AB (March 19, 2013) – James Ross, CEO of Expander Energy is pleased to announce Steve Kresnyak has been appointed to the company’s Board of Directors and position of Chief Technology Officer.

Mr. Kresnyak is a Professional Engineer with over 35 years of EPC/EPCM experience. He is President of Swiftsure Engineering Ltd., an engineering consulting firm engaged in upstream, downstream and offshore energy industry, primarily in the facilities areas of gas and oil production, gas and oil processing, and refining and upgrading.

Mr. Kresnyak supports WorleyParsons (formerly Colt Engineering) as a Technical Specialist in front end development of gas, heavy oil and bitumen projects and technology development globally. He has authored numerous worldwide patents including Expander’s Enhanced Fischer-Tropsch® and FTCrude® processes.

Mr. Kresnyak is the Founder and Director of Swiftsure Foundation a registered charity.

“Steve has been an integral part of our Expander team”, said Mr. Ross “he has been a driving force behind the development and implementation of Expander’s processes that are gaining worldwide attention. We are very happy to welcome him to our Board.”

Expander Energy’s patented and patent pending Enhanced Fischer-Tropsch® processes maximize the conversion of carbon to valuable synthetic fuels - SynDiesel® SynJet® and FTCrude® while significantly reducing greenhouse gas emissions creating a cleaner, more efficient and profitable Canadian energy industry.
