INNOVATIVE ENERGY SOLUTIONS

Expander CEO Appearance On Alberta Primetime

Calgary, AB (May 17, 2013)- Expander Energy CEO James Ross was a guest on Alberta Primetime on Thursday, May 16 discussing a range of issues including our patented technology, our involvement as a supplier to the Kitimat Clean Project, and how Expander's processes could benefit the Alberta oil industry.

About Expander Energy

Expander Energy is a leading developer and licensor of processes to convert carbon sources into valuable synthetic fuels. Our engineered fuels are ultra-clean burning and complement existing transportation fuel infrastructure and current engine technologies. Our fuels increase production yield, reduce GHG emissions, and are produced from carbon rich materials such as natural gas, biomass, bitumen residuals, petcoke and municipal solid waste. We strive to deliver an alternative, drop in fuel through patented technology to provide economic growth for Alberta and Canada while being environmentally conscious. Expander Energy Inc. is a privately held energy company located in Calgary, Alberta, Canada.
